

# NAS 2019 Call for Papers

The 14<sup>th</sup> IEEE International Conference on

Networking, Architecture and Storage (NAS 2019, sponsored by the IEEE)

Enshi, China, August 15-17, 2019, <http://www.nas-conference.org>

#### General Co-Chairs:

Dan Feng, HUST  
Minghui Zheng, Hubei U for Nationalities

#### Program Chair:

Yu Hua, HUST

#### Vice Program Chairs:

##### Networking:

Cong Wang, CUHK  
Joongheon Kim, Chung-Ang U

##### Architecture:

Christopher Stewart, OSU  
Shaolei Ren, UC Riverside

##### Storage:

Vaneet Aggarwal, Purdue U  
Ziliang Zong, Texas State U

#### Lightning Talks and Pannel Chairs:

Yuhao Zhu, U of Rochester  
Jingwen Leng, SJTU

#### Publication Chairs:

Zhiyong Xu, Suffolk U  
Weijun Xiao, VCU

#### Publicity Chairs:

Edith Ngai, Uppsala U  
Rujia Wang, IIT  
Zhenhua Li, Tsinghua U

#### Local Arrangement Chair:

Lingfang Zeng, HUST

#### Registration Chair:

Wei Tong, HUST

#### Steering Committee:

Xubin He, Chair (Temple U)  
Andre Brinkmann (U of Mainz)  
Hong Jiang (UT Arlington)  
Xiaofeng Liao (Southwest U)  
Jun Wang (U of Central Florida)  
Changsheng Xie (HUST)  
Zhiyong Xu (Suffolk U)  
Qing Yang (U of Rhode Island)  
Jiwu Shu (Tsinghua U)  
Yuanyuan Yang (Stony Brook U)  
Songtao Guo (Southwest U)  
Howie Huang (The George Washington U)

The International Conference on Networking, Architecture, and Storage provides a high-quality international forum to bring together researchers and practitioners from academia and industry to discuss cutting-edge research on networking, high-performance computer architecture, and parallel and distributed data storage technologies. NAS 2019 will expose participants to the most recent developments in the interdisciplinary areas.

Authors are invited to submit previously unpublished work for possible presentation at the conference. The program committee will nominate best papers for recognition in the three conference topic areas. All papers will be evaluated based on their novelty, fundamental insight, experimental evaluation, and potential for long-term impact; new-idea papers are encouraged. All accepted papers will be published in IEEE digital library. Selected and extended papers will be recommended to the special issue of Concurrency and Computation: Practice and Experience (SCI indexed).

#### Papers are solicited in fields that include, but are not limited to, the following:

- Accelerator-based architectures
- Ad hoc and sensor networks
- Application-specific, reconfigurable or embedded architectures
- Architecture for handheld or mobile devices
- Architecture, networking or storage modeling and simulation methodologies
- Big Data infrastructure
- Big Data services and analytics
- Cloud and grid computing
- Cloud storage
- Data-center scale architectures
- Effects of circuits and emerging technology on architecture
- Energy-aware storage
- File systems, object-based storage
- GPU architecture and programming
- HW/SW co-design and tradeoffs
- Mobile and wireless networks
- Network applications and services
- Network architecture and protocols
- Network information theory
- Network modeling and measurement
- Network security
- Non-volatile memory technologies
- Parallel and multi-core architectures
- Parallel I/O
- Power and energy efficient architectures and techniques
- Processor, cache, memory system architectures
- Software defined networking
- Software defined storage
- SSD architecture and applications
- Storage management
- Storage performance and scalability
- Storage virtualization and security
- Virtual and overlay networks

#### Important Dates:

Paper Submission Deadline:	April 23, 2019 (AoE)
Author Notification:	May 31, 2019
Camera-ready Paper:	June 20, 2019
